

Who We Are

Who is Waking the Passion?

Waking the Passion is an interdenominational men's ministry based in Houston, Texas. Our mission is to help awaken the passion of a man for: his God; his own life, unique gifts and talents; his family; and his community. Our core values are Connection, Restoration, and Transformation ... one step at a time.

Connection: Helping men who find themselves disconnected from friendships, faith, family, and purpose to find authentic connection with other men and God through individual and small group meetings, getaway events, and great writings about the faith journey.

Restoration: Offering men opportunities to reconcile fractured relationships with God, family, and friends through events giving inspiration, education, and practical tools for building relationships in an experiential and Christ-centered format.

Transformation: Seeing men's lives move away from isolation, posing, and pretense towards a genuine community of men building into each other's lives.
